

Introduction

The Moulding Foundation awards grant funding to local and regional projects run by a wide range of organisations including charities and not-for-profit organisations which make a positive difference to the community.

As part of our grant admission process we need to undertake certain proof of identification checks.

If you are applying on behalf of a registered or unregistered charity you will need to submit your charity's most recent set of accounts with this application form.

If you are NOT applying on behalf of a registered or unregistered charity you will need to submit two forms of ID with this application form for the main contact as detailed below; one as proof of name and the other as proof of home address:

Proof of name (either a current passport, driving licence or a birth certificate)

Proof of home address (either a utility or council tax bill issued in the last 3 months)

Please return this application form and any supporting documentation via email to enquiries@themouldingfoundation.com
